ASSEMBLY

The regularly scheduled Thursday Assembly (10:30) is one that is very important to each and every student. Ratification of the new Student Board Constitution is the main point of discussion slated for this assembly.

Joanne Hazlewood, President of the Board and Jeanne Parker, Chairman of the Constitution Committee, will be in charge of the assembly, ready and willing to hear all discussion and answer all questions concerning the new constitution. Don Wassel will act as Parliamentarian for the meeting, so that order may be maintained.

All attending will be given slips at the door giving directions on how to propose amendments and enter in the discussion. Proposed amendments must be written out and a copy given to the Recording Secretary before the assembly begins. To help understand the proceedings, it is suggested that every student bring his or her own copy of the constitution.

This is your opportunity to bring all suggestions and constructive criticism to the knowledge of those equipped to do something about it....so don't miss this important assembly!

BASEBALL

Things are looking brighter for Marian's baseball team. In contrast to early season scores, the Marian-Villa Madonna final last week was a respectable 10-6. What may be more important, the team members report they had a real fine time on this foray into the not-so-deep South.

Next game scheduled for the team is Friday, April 27. This game is the only home game of the year and will be played between Franklin College and Marian at Riverside ball park. This may be your only chance to watch the boys in action, so come on over for the game. Watch the bulletin board for exact time.

"BLITHE SPIRIT"

Those selected to perform in the Noel Coward comedy, "Blithe Spirit," are: Barbara Hertel, Gertrude Lenhardt, Paul Henn, Bill Wheeler, Deanna McGarvey, Marty Waggoner, and Marcia Seraphim.

This play, written in three acts will be presented the latter part of May with Sister Mary Jane as director. One of Coward's best, this production promises to be most entertaining.

This Friday, April 27 from 8:30 to 11:30 in the Mixed Lounge the Fioretti staff will sponsor their "Mad Printers' Ball!"

Records by the "Mad Printer" himself will provide the dance music.

For only fifty cents a person, you can come--either stag or drag. Profits go to help with expenses of the second semester issue of the Fioretti.

This will be one of the last REAL mixers of the season...so...come one, come all, for a jolly, good, C-R-A-Z-Y time! The "Mad Printer" will be waiting for YOU! (There will be some extra-special surprises for you, from the old "Mad Printer.")

CCC

Remember some time ago when the Sophomores announced that they wished to organize a Campus Conservation Corps? Well, even though they haven't received much publicity, this project has steadily been going forward.

As proof of this just take a good look at the leaf-free lawns around the library and the "new look" taken on by the fireplace and the picnic area down behind the Music Department.

In order to complete this project, much more help is needed, so how about breaking out the shovels and the rakes and giving them a hand, huh? You may be sure it'll be appreciated. Just contact Sister Adelaide of the Biology Department.

"CONFUCIUS SAY"

Confucius say that he who crosses the ocean, then back again without taking a bath is a dirty double-crosser.

Last Monday evening witnessed one of the most thrilling (?) softball games in the history of Marian College.

This was the game between the men residents and the women residents. Final score after three frantic innings of play was 86-6 in favor.
